Sub: Permission for Industrial Visit to School of Artillery

We are aware and proud about the contribution of Indian Army to the Nation and the sacrifice made to ensure our freedom and sovereignty.

I, Dr. Nilesh Salunke wish to inspire and motivate our students to join Armed Force and give their dedicated services to the nation. Hence, I request your permission for the conduct of the visit to School of Artillery on any day between 19th December 2022 to 24th December 2022 for a strength of approximately about 300 students and 10 faculty and staff members of our institute. We don't need any accommodation.

Your kind consideration will go a long way in not only motivating our students but also giving memories for a life time.

With warm regards

Thanking you,

Dr. Nilesh Salunke

Participants:

All the students of First Year Engineering. Altogether 252 students were the participants.

Outcome: Participants learned:

- 1) Industry oriented application of Engineering knowledge.
- 2) Familiarized well with the working and functioning of organizations.
- 3) Significance of communication at workplace.

Activity Details:

Dept of Applied Science and Humanities organized Industrial Visit for First Year students at School of Artilleries, Devlali Camp, Nashik. Altogether, 252 students and 12 faculty members along with Dr. Tushar Shinde, HOD, visited the Camp.

Officers of Indian Army, Deolali camp received all the Faculty and Students of our Institute with warm greetings and thoroughly guided us during the entire visit. They created awareness among our students about various different sections and career opportunities in Indian Army at the camp.

They shared their service experience how it is challenging to coordinate and function all the sections of the camp during emergency situations like internal and external conflicts. Even a few of students also shared their visit experience.

The photos of visit are attached hereafter:

Faculties and Students while departing in the early morning.

Commanders of camp informing to the students about the Camp.

Commanders of the camp informing to the students about the functioning.

POs Mapped:

Justification for mapping:

PO Mapped	Justification
7	Students understand the impact of the engineering solutions in societal and environmental contexts and demonstrate the knowledge of, and need for sustainable development.
9	Students learn how to function effectively as an individual and as a member or leader in diverse teams and in multidisciplinary settings.
10	Students learn to communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
12	Students recognize the need for and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

Feedback Link: <https://forms.office.com/r/VmLsT9VPgz>

Analysis of Feedback:

1. The visit was technology oriented. Rating 1 to 5

2. The program was applicable to my future needs. Rating 1 to 5

3. Enhancement in skills. Rating 1 to 5
