

Computer Hardware and Networking Workshop

One day workshop on "Computer Hardware and Networking" was conducted in SVKM's IOT, Dhule by Department of Computer Engineering under the A.C.E.S.(Association of Computer Engineering Students) on 29th Sept 2018. The workshop was organized by Mr Jacky Galani and Mr Manish Patil (S.Y B.tech Computer Engineering).

It gave the fundamental knowledge about computer hardware, Operating System installation, fault diagnosis and networking. The faculty and lab assistants of different departments of the institute attended the workshop.

The first session was conducted by Mr Manish Patil, an introduction to Computer Hardware. He explained PC architecture and hardware components such as the motherboard, RAM, Hard drive, and CPU through a helpful ppt presentation. He also conducted hands-on session based on the theoretical part.

The second session was conducted by Mr Jacky Galani, He explained the basic concepts related to windows installation, troubleshooting, partitioning the hard drive with a demonstration. He also explained the basic concepts related to computer networking such as network components, physical, logical and port addresses, LAN, WLAN along with live-demo and hands-on session.
