SVKM's Institute of Technology has established the Institute Innovation Council (IIC) as per the norms of Innovation Cell, Ministry of Education, MHRD, Govt. of India. Under this council, all departments are conducting a series of programs including IIC Calendar Activities as well as Self Driven Activities.

As a part of this series, the Department of Mechanical Engineering conducted one hour Webinar on 17<sup>th</sup> January 2021 at 01:30 pm with one of the IIC Calendar Activities topic, "Data, Information, Knowledge, Wisdom (DIKW) pyramid and General Management".

For this webinar, as a guest speaker we have invited Mr. Devendra Burade working as Manager, GP Global, TZ Ltd, Tanzania. He is working with " Gulf Petrochem" since 2018 to till date. His area of interest is project scheduling and planning. He is looking after international sales, procurement, contract management, contract under letter of credit etc.

Webinar was hosted by Prof. Yogesh Sonawane and technically handled by Prof. Dattatraya Doifode, IIC Ambassador, and SVKM's IOT. Webinar started by Prof. Yogesh Sonawane with welcome of all the participants and guest speaker, followed by introduction and establishment of IIC in institute. After that, he gave a brief introduction of the guest speaker.

After the introduction, the speaker presented his thoughts and shared his opinions. The guest talk was recorded for 90 minutes, followed by a 10 min question answer session.

Towards the end for the webinar, Prof. Yogesh Sonawane presented a vote of thanks, and officially declared the successful completion of the webinar.

For this webinar, we received a total 145 registrations count in which a total 33 registered participants joined this event. At the end of the

webinar, a feedback link was shared to participants and their received responses have attached below in chart format.

We thank, SVKM's Management & our beloved principal Dr. Nilesh Salunke sir IIC President SVKM IOT, Dr. Shrikant B. Randhavane IIC Vice President, SVKM IOT, Prof. Sandeep Ushkewar IIC Convener SVKM IOT, and last but not the least all our departmental colleagues.

### Simple Solution to real life problems

#### How

Many of us have phone of at least say INR 5,000/- to 7,000/- or we spend on cloths ,shoes or pizza , burger, movies

Did we ever think to save INR 500/- and invest to start Joint Venture / Partnership with our friends or raise small amount to invest in mutual fund or equity market.

I am not advising to spend all money in equity market or mutual fund but can we try with amount which we can afford ?

Until unless we try to have experiments and fail , fear of failure can not be over come.

In our system we start this experiment after completion of formal education but if we start now by the time we complete our education , we will have handsome experience.

It's not every one will be successful by taking risk – many may loose but at least we will have Data to process and get information, knowledge and will develop Wisdom .

### Simple Solution to real life problems

Remember initially out of 10 Decision taken only 2 -3 will be correct , then as time pass and we have some data 4-5 decisions will be correct but over the period of time 7-8 decisions will be correct

**But what is important :**  
To start developing habit of DIKW i.e. decision making 2<sup>nd</sup> most important – **don't be too greedy .**

## How process will start and will get develop in long term

When will start investing , at least we will come to know apart from Bank are there any institutions which provide Financial services ?  
 What is NBFCs? Can I approach them when I want to go for Start up ? What are requirements – documents, evaluation method of business feasibility.

Many must be knowing Bajaj Finance- reason 0% loan for mobile – why can an organization give loan on mobile which any one can run with but not for Start up ?

Which company shares are growing ? Because of Demand –supply gap , why , how etc.  
 Which Start ups are merged or acquired by large finance houses –reason – so automatic will come to know market trend.

We will come to know how share value of companies changes with change in Govt. policy .  
 Not only that atleast we will try to have Data of many Govt schemes likes PMEGP, NABARD , visit DIC , Partnership with friend will give you experience of conflict management, relation etc.

## Assistance in sel development

We have heard so many examples that this question was asked in IAS interview or IPS interview

Have you come across any situation in which HR asks question  
 "Tell me about yourself ? "  
 And candidate replies " I am successful fund raiser though initial investment of INR 1,000/-"

OR

Why do you chose our company as carrier option?  
 - now instead of dependent on company web site information or Google Guru , the candidate have answered "I am closely following company market share for last 2 years and come to know it raised by 25% and due to ABC scenario we expect bright future to company, not only that I am glad to inform that I am small share holder of this company and enjoyed regular dividends and

### Solution to other issues.

Now some one may say money investment, or such risk is not my cup of tea / I can not afford.  
But can DIKW is helpful for employment or how can address other issues of General management ?  
Answer is "Yes"

What are basic Needs – Roti , Kapda, Makan and Mobile- - -  
Now backward integration – to run mobile need electricity means power – what are Sources of Power Electricity , fuel , coal , wind.  
Electricity – Which are Transmission line companies – what they do – Survey , foundation, Erection, stringing – Do I have scope in such industry – if yes what qualities need to develop.

What did new innovation any company have done that lead sudden increase in market value or why particular sector is not doing well , is it long term /short term – should I expect my next job with this sector.  
Eg – Carbon foot print are developing pressure on petroleum sector. Over the period of time IC Engine vehicles will be replaced by Electrical vehicles. So can I have my final year project related to renewable energy sources or Lead-Acid Batteries or Lithium Batteries.

## DIKW For Partnership and time Management

How to get experience for partnership ? Sharing Responsibilities and experience failure ?  
 Many students are from other cities / town or village, which issues they face ?  
 Laundry is biggest issue.  
 Can I try to resolve through partnership?  
 I suggest in partnership buy used washing machine – rent it. How ? What methodology –  
 I am not going to answer but you can try to get answer yourself

DIKW Can be applied in Time Management – Try to have information for last 7 days where did you really wasted time.  
 What were the reason for time wastage ?  
 Next time can you reduce time wasted?  
 How much time to allocate to particular activity ?  
 What are alternate ways to avoid time wastage ?  
 Ways to make “0” minute time waste.

## Summary

Our education is the biggest investment, it gives us attitude to analyze issues ,  
 process and intellectual power to take decision to resolve the issue.

So we are already blessed with the most powerful tool to “Develop our own Decision  
 making Process”.

## Summary

Remember :

Technology changes very fast and few things become absolute (typewriter, land line ) even most of the traditions, festivals become absolute but our thinking ability never become absolute only if we keep it on refreshing it.

We are being fed with unnecessary information via news , advertisement- rather these are decision of others.

Its our responsibility to have proper data to process and have in-depth knowledge and to develop wisdom.  
Remember- only 1 thing one is passing from one generation to another generation – that is **Wisdom**.

That's why is famous saying " Rajya Pujyate Raja , Vidwan sarvatra Pujyate" means " A king is honored only in his kingdom only but one who is learned is honored across the world".

That's why I started presentation with shloka – Guru Brahma Guru Vishnu , Guru Devo Maheshwar , Guru Sakhatpar brahma, Tasmshree Gurve Namah" as our Teacher, Lectures are media which spread Knowledge and Wisdom.
