## Objectives of Webinar

In line with IIC Calendar Activity, to give brief idea about challenges and difficulties one can face while setting up its own startups. Also, give idea to the participants about, how to analyzed our own startup and how to think for updation and expansion of our startup.

SVKM's Institute of Technology have established Institute Innovation Council (IIC) as per the norms of Innovation Cell, Ministry of Education, MHRD, Govt. of India. Under this council, all departments are conducting series of programs including IIC Calendar Activities as well as Self Driven Activities. As a part of this series, Department of Applied Science & Humanities conducted one hour Webinar on 12<sup>th</sup> January 2021 at 12:30 pm with one of the IIC Calendar Activities topic, **“My story- Motivation session by Successful Entrepreneur / Startup Founder”**.

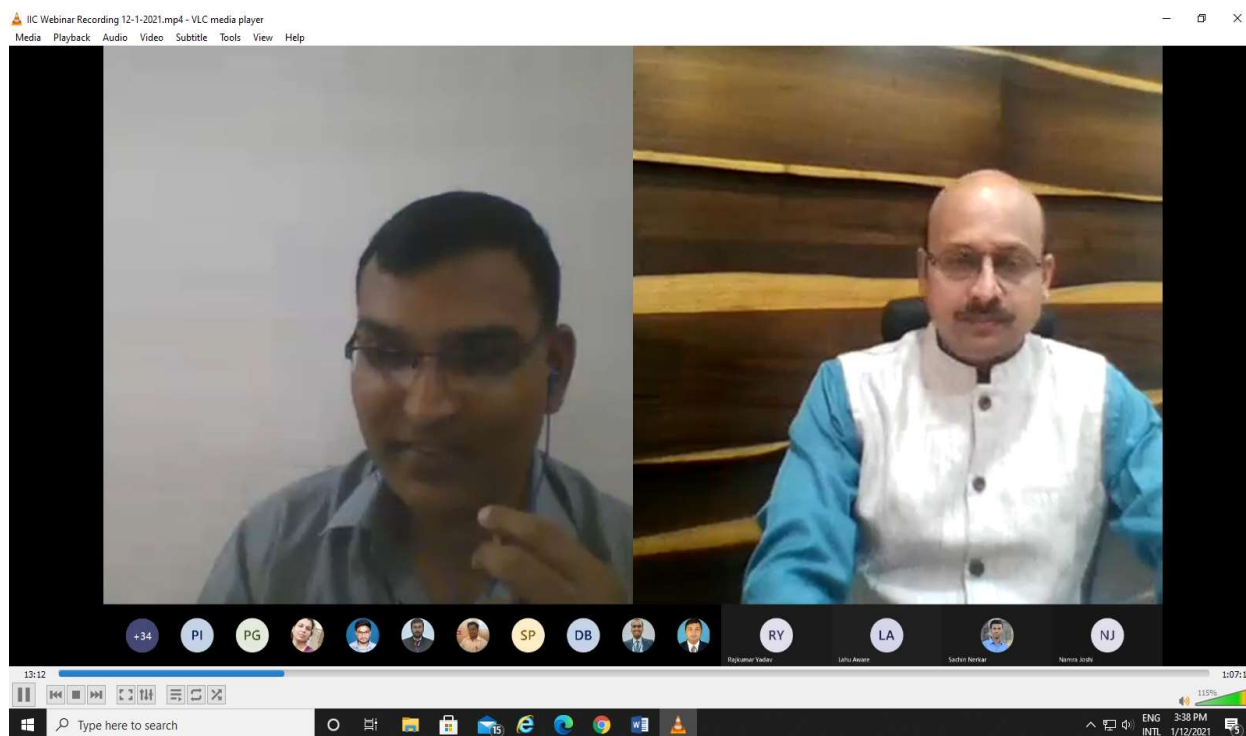

## **Webinar highlights**

For this webinar, as a guest speaker we have invited Er. Sangram Limaye, MD of startup “Sangramsiddhi” Pvt. Ltd., Dhule, MH, established on 29<sup>th</sup> May 2020. This startup firm produces protective equipment’s for medical faculty. They manufacture medical appliances & instruments, appliances for measuring, checking, testing, navigating and other purposes except optical instruments. Also with above startup, this guest speaker also have his own two more well-established startups namely, “Siddhi Industries” a furniture manufacturing company and another one is “Creative Interior” an interior designing company, all are started in district Dhule, MH only.

Webinar was hosted by Dr. Manoj R. Sonawane and technically handled by Prof. Sachin D. Nerkar, IIC Ambassador, SVKM’s IOT. Webinar started by Dr. Sonawane with welcome of all the participants and guest speaker, followed by introducing and establishment of IIC in institute. After that he gave brief introduction of guest speaker.

After introduction speaker presented his thoughts and share his experiences, which he got while establishing and running his startups. The guest talk recorded for more than 55 min, followed by 15 min question answer session.

For this webinar, we received total 154 registrations count in which 18 students and 26 faculty members, total 44 registered participants were joined this event. At the end of the webinar, feedback link was shared to participants and their received responses have been attached below in chart format.

Towards the end of the webinar, First Year coordinator Dr. Tushar Shinde presented vote of thanks, and officially declared the successful completion of the webinar.

## **Benefits from the Webinar**

Speaker nicely explained about, what does it means of setting up the own startups. He also explained the problems and challenges, which appears while actually running the startups. Participants got the useful tips about how to think for expansion and updation of own startup. Speaker share very good tips about maintaining quality and managing cost efficiency as well as handling and organizing the manpower and available resources to grow the startup. Overall webinar was informative and realistic from real-time example of Er. Sangram Limaye.

## **Acknowledgement**

We thank, SVKM's Management & our beloved principal Dr. Nilesh Salunke sir IIC President SVKM IOT, Dr. Shrikant B. Randhavane IIC Vice President, SVKM IOT, Prof. Sandeep Ushkewar IIC Convener SVKM IOT, and last but not the least all our departmental colleagues.

## Report on

### Online Student Induction Program

### SIP- 2021

Transition from school to university/college life is one of the most challenging events in a student's life. When new students enter an institution, they come with diverse thoughts, background and preparations. They come into a new unfamiliar environment and many of them have little knowledge of a university/college. An Important task is to welcome new students to Higher education and prepare them for their new role; before regular classes start. Therefore, the department of Applied Science and Humanities, SVKM's Institute of Technology, Dhule organized Online Student Induction Program (SIP-2021)

Online SIP -2021 was conducted from 25<sup>th</sup> to 30<sup>th</sup> of January 2021 under the guidance of Dr. Nilesh Salunke, Principal and Coordinated by Dr. Tushar Shinde, First Year Coordinator. Every day session started at 10:00 am and concluded at 1:00 pm, through Microsoft Teams platform. Around 150 students participated in this program.

Slide 18 of 20 English (India)

### Relationship

The family is the basic unit or building block of human organisation. It extends beyond the blood relationships – to friends, classmates and teachers in school, and now batch mates and faculty in college.

How do we want to live with them? With mutual fulfilment, mutual happiness or some other way?

The harmony in the family has primarily to do with the fulfilment of relationship between one human being and another.

Can we talk about the feelings with definiteness?

In order to fulfil relationship

- Yes, they are definite, they can be discussed with definiteness
- No, feelings are abstract, they cannot be discussed with definiteness
- Cannot say
- Relationship is between one self (I<sub>1</sub>) and another self (I<sub>2</sub>)

These are the four aspects

- Relationship is**
  - Relationship is air
  - Relationship is between one self (I<sub>1</sub>) and another self (I<sub>2</sub>)
  - The Body is used for expression
- There are feelings in relationship**
  - in one self (I<sub>1</sub>) for the other self (I<sub>2</sub>)
- These feelings can be recognized**
  - they are definite
- Their fulfilment leads to mutual happiness**

## National Science Day 2021

Since 1987, National Science Day is celebrated every year in India on February 28 each year to mark the discovery of the “Raman Effect” by Indian physicist Sir Chandrashekhara Venkata Raman on 28 February 1928. For his discovery, Sir C.V. Raman was awarded the Nobel Prize in Physics in 1930. It is one of the main science festivals in India. Every year students of the schools and colleges demonstrate various science projects and national and state science institutions demonstrate their latest researches on this day. The theme for National Science Day 2021 is “Future of STI: Impacts on Education, Skills, and Work”. The National Science Day 2021 aims to motivate the students to gain hands-on experience in the field of science.

In our institute we, the First Year Applied science and Humanities Department of SVKM's Institute of Technology, Dhule celebrated 34<sup>th</sup> National Science Day on 6<sup>th</sup> March 2021 in online mode using MS Team platform. (Due to the unviability to some faculties due to COVID-19 infection, we were unable to celebrate National Science Day on 28<sup>th</sup> February.) In this program we conducted online activities such as Talent Hunt Quiz & Poster Presentation contest for the students. The winners of these competitions were awarded with event certificates. On this occasion college principal Dr. Nilesh P. Salunke sir expressed his thoughts and motivated the college students to think and explored new and innovative ideas and inspired them to try and modularized their ideas. He also appreciated the conduction of this program as well as he also explained the governments theme for 2021 National Science Day celebration. FE Coordinator Dr. Tushar Shinde announced the winners of conducted competitions.

For this event college principal sir, all first year concern faculties and students were present. The program was conducted by first year students Cultural Committee. Programme ended with refreshment for all students, teaching and non teaching staff. This program was coordinated by Dr. M. R. Sonawane.

## What is science?

The intellectual and practical activity encompassing the systematic study of the structure and behaviour of the physical and natural world through observation and experiment.

## Importance of science :

Science is one of the most important channels of knowledge. It has a specific role, as well as a variety of functions for the benefit of our society: creating new knowledge, improving education, and increasing the quality of our lives. Science must respond to societal needs and global challenges.

## Why 28th February?

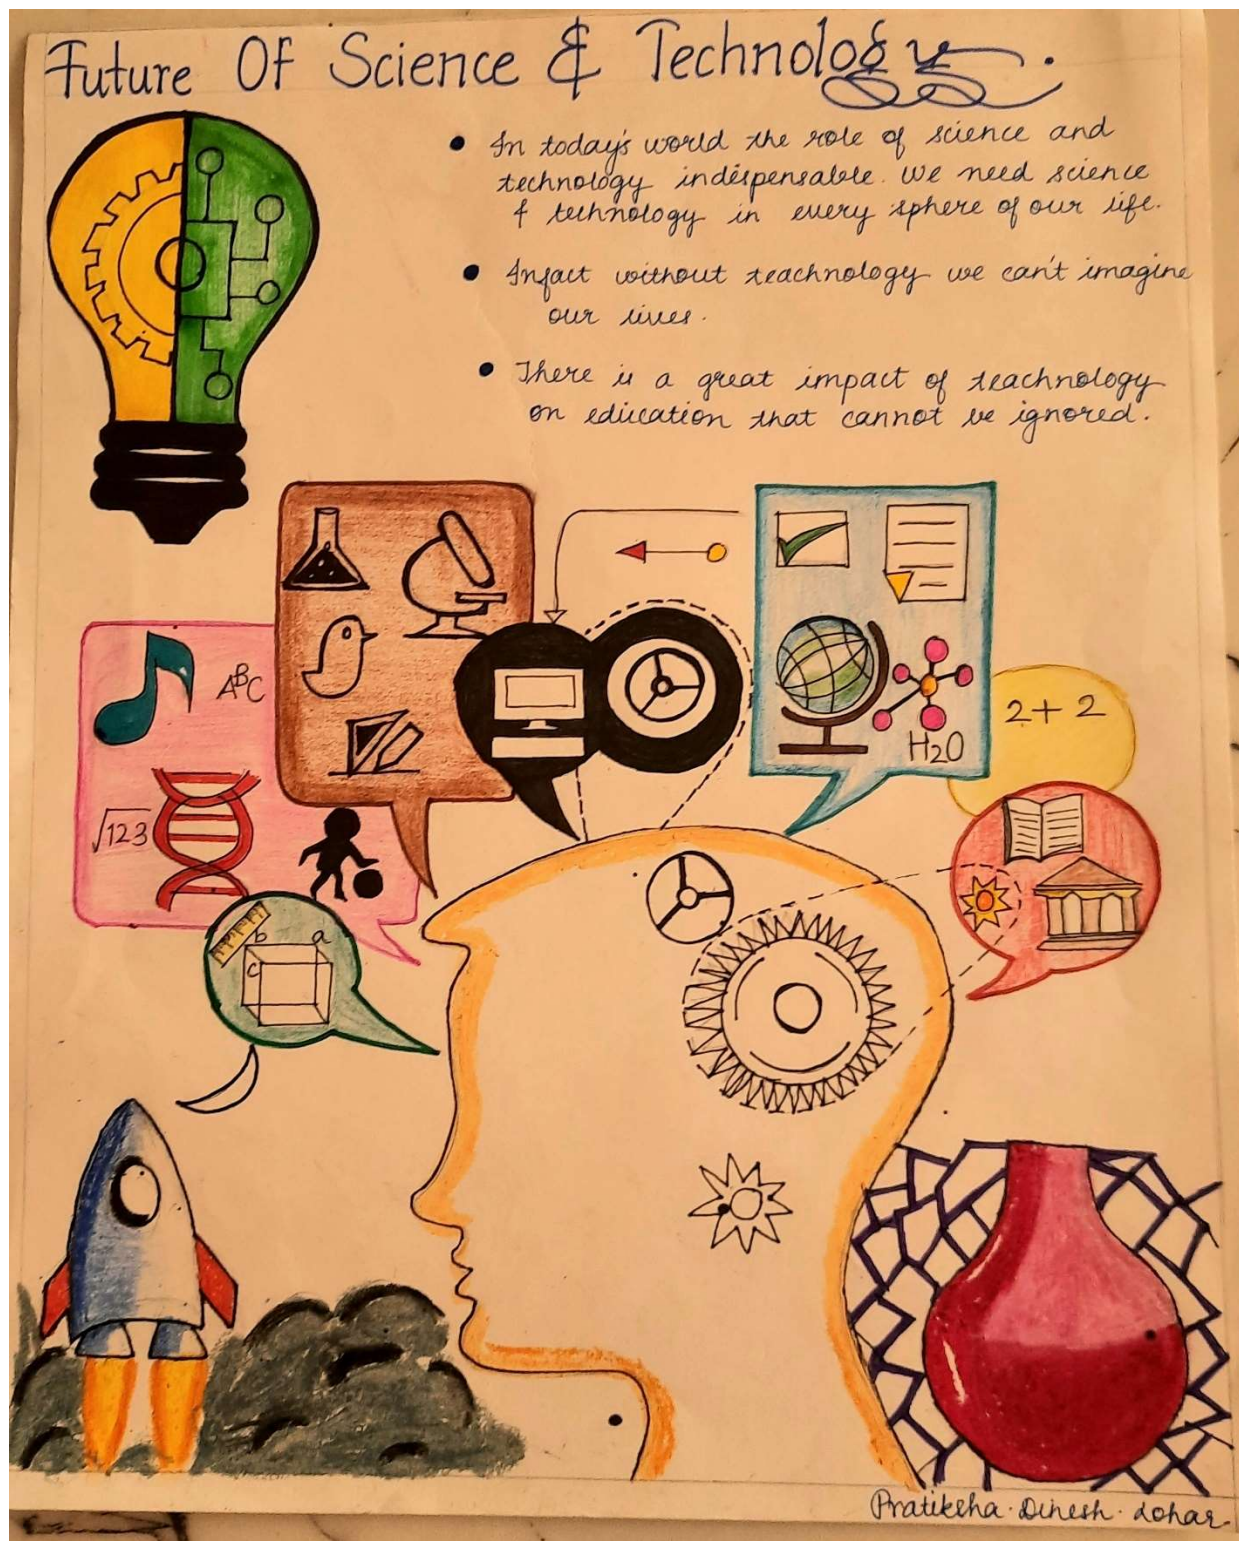

The day is celebrated every year on 28th of February to commemorate the discovery of the 'Raman Effect'. On this day, Physicist CV Raman announced the discovery of the 'Raman Effect' for which he was awarded the Nobel Prize in 1930.

The Webinar proved to be very helpful for career guidelines. All the steps and ideas were clearly put forward. I've got to learn some new innovative and upgraded ideas for a Startup Business without the ethical violation. Overall it was a great initiative to be a part of. Thankyou, and more such sessions would be helpful for us students to grow in future other than just studies.

Thanks for webinar. This is so informative
