Arsenic Album-30 distribution

Objective	The AYUSH Ministry must have based their claims on the benefits of the medication. The main purpose of the distribution of Arsenic Album-30 is to build up the immune systems of every person in society. It is the preventive measure of Covid-19. As part of national research on Covid-19, Arsenic album distributes in the whole city of Malegaon which is very close to Dhule city. Where the municipal corporation has also approved it for distribution. One bottle has around 90 tiny pills, enough for a family for several months. The pills consist of the water memory of arsenic trioxide, otherwise a highly toxic substance, which is diluted to a point that only the nanoparticles remain in the solution and nullify the toxicity.
Organizer	Electrical Engineering Department, SVKM's Institute of Technology, Dhule
Participating Class & Division	TE Electrical Engineering Students
Date	04 July 2020
Time	1 Day
Venue	In Dhule city
Name of Organizer	Prof. Gaurav Patil Prof. Sandeep Ushkewar Prof. Namra Joshi Prof. Jagdish More Prof.(Ms) Farha Naz
Name of Doctor	Dr. Dipak More
Brief report on activity	Arsenicum Album-30, the homeopathy medicine that was recommended by the Ministry of AYUSH as a prophylactic for COVID-19. The distribution was carried out with the help of the EESA (Electrical Engineering Students Association) members as well as individuals final year students. Dr. More self-guided and continuous monitor the arsenic album distribution. We made differences in the bottles provided with labels, Also information handbills as well as the consent forms in Marathi and Urdu language. These all bottle distributs free of cost Student volunteers were gone for distribution to every home of the allotted residential area.

Webinar on "Entrepreneurship Skill Development"

Objective	The main objective of this program is to create awareness towards recent developments in power system.
Organizer	Department of Electrical Engineering SVKM's Institute of Technology, Dhule
Participating Class	B.Tech II, III & IV Year Students & Students from All Over India
Date	15.Sep.2020
Time	1:00 PM onwards
Venue	Room No. 410, Third Floor, SVKM's I.O.T. Dhule
Coordinator/s	Prof. Namra Joshi
Organizing Committee	Prof. Sandeep Ushkewar Prof. Gaurav Patil Prof. Jagdish More Prof. Habiburahman Ansari
Name of Speaker with Designation	Mr. Manish Agrawal Founder & CEO, Techment Technology, Raipur, Chhattisgarh
Brief report on activity	Department of Electrical Engineering, SVKM's IoT, Dhule; Engineer's Day on 15/09/2020 to mark the Birth Anniversary of Sir Mokshagundam Visvesvaraya. Entrepreneurship Development Programme (EDP) is a programme, which helps in developing entrepreneurial abilities. The skills that are required to run a business successfully is developed among the students through this programme. Sometimes, students may have skills but it requires polishing and incubation. With this vision, a webinar on Entrepreneurship Skill Development was conducted using Microsoft Teams platform. Program starts with the Welcome address of Dr. Nilesh Salunke, Principal, SVKM's I.O.T. In his address he highlights the initiatives of Government of India for Entrepreneurship development like Atma- Nirbhar Bharat etc.. Resource person Mr Manish Agrawal (Founder & CEO, Techment Technology, Raipur (CG) highlighted opportunities for the young engineers to be a successful Entrepreneur. Students cleared their queries through the session.Prof. Namra Joshi anchored the event. More than 100 participants from all over India attended the program. Dr. Vishal Moyal, H.O.D. offers vote of Thanks. Department of Electrical Engineering take this opportunity to thank to entire SVKM Management, Principal Dr. Nilesh Salunke Sir for their continuous support and guidance for organizing this program.

Bio Manish Agrawal

Manish is currently founder and CEO of Techment Technology, where they build a team of software developers using local talents and working on high end technology products from US and Indian startups. Within 2 year of operation they ramped up the team to 45 developers working mobile and web applications and will be venturing into BPM operation with an added capacity of 100.

Manish, acquired his undergraduate degree in Mechanical Engineering from IIT Bombay in 2002 and Masters Degree in Engineering from the Purdue University in 2004.

In December 2005, Manish co-founded Picsquare, his first start-up. As CEO of Picsquare, Manish was responsible for marketing and business development activities and executing long term vision of Picsquare. He played a key role in raising 2 rounds of investment for Picsquare. In November 2008, Picsquare was acquired by e-commerce portal Infibeam.com.

After successfully completing the transition of Picsquare to Infibeam.com, he moved back to his home town, Bhilai, to help his family in their business. He was responsible for setting up and operating a new rolling mill with capacity of 300 Metric Tonne per day.

Later he co-founded Techment Technology, an IT venture to be based in Raipur Chhattisgarh working along with start-ups and taking the complete responsibility of their technology and product development. Another unique aspect of Techment is - providing opportunities to local engineers to work on latest technologies who would otherwise migrate to metros. The model is widely appreciated by the state government with host of support from them.

He is also mentoring few start-ups and exploring investment opportunities in start-ups.

His interests include reading, travelling, meeting and helping young entrepreneurs.

Webinar on Preparation Strategies for EE GATE-2021

Objective	– To understand new changes in the GATE syllabus and pattern. – To find the books required according to the syllabus. – To create a study plan for GATE preparation. – To Focus on Aptitude and Mathematics as well. –How to prepare notes on the relevant topics
Organizer	Department of Electrical Engineering SVKM's Institute of Technology, Dhule
Participating Class	Electrical Engineering Students
Date	3-11-2020
Time	02.00 Pm
Venue	MS Teams
Organizers	Prof. Sandeep Ushkewar Prof.Jagdish More Prof.Habib Ansari Prof.Satish Patil
Name of Speaker	Mr.Pankaj Shukla, Mr. Sohail Ansari, Mr. Chandan Gupta
Brief report on activity	The Electrical Engineering Students Association Shri Vile Parle Kelavani Mandal's IOT conducted a Programme "Preparation Strategies for EE GATE-2021" "October 3rd, 2020"The webinar was Deliver by experts Mr.Pankaj Shukla, Mr. Sohail Ansari, Mr. Chandan Gupta (Cofounders of Genique Education) The Programme began at 1.00 Pm. The students were then taught the basics of GATE Exam: In this session, experts from different subject domain had talk on their Questions ideas with students. They had discuss stepwise preparation plan and answered few frequently ask questions too. which as follows Step 1: Make a Study Schedule to Track Your GATE Preparation• Step 2: Find Your Strengths and Weakness to Boost GATE Preparation After making a GATE study plan, the second step is crucial for GATE preparationin order to understand your strengths and weaknesses. Being good in one subject might not necessarily mean that you may be good in other subjects too. In such a scenario, you must focus on how you can maximizethe probability of increasing your GATE score Is it Possible for an Average Student to Crack GATE? Is it Easy for Toppers to Crack GATE
